

COMPOSER COMICS:

Js Bach

Make a comic page about the life of JS Bach using the facts we found in the reading last week! Pick 2 facts from each box to create your comic panels.

Early Life

- Bach was born in Germany in 1685.
- His father taught him to play many instruments.
- Bach came from a large family of composers.
- One of his uncles taught him to play the organ.

Career

- Bach married his first wife in 1707, and after she died he married his second wife in 1720.
- In 1723, Bach became the organist for St. Thomas Lutheran Church.
- Some of Bach's most famous work was written for the organ.
- Bach died in 1750.

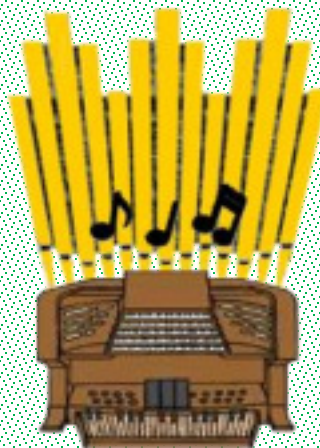

His Legacy

- Bach was not appreciated during his time and was considered "too old fashioned".
- Now Bach is considered one of the most important composers of all time!
- The year he died is considered the end of a musical era.
- He was an important composer of the Baroque Period.
